

Reminder: Vision & Test Changes for Class D Drivers

Posted Wednesday March 14, 2018, in [Operations/safety](#)

Starting July 1, 2018, Class D licence holders up to age 80 will be required to complete a Class D knowledge test and vision test every five years when renewing their driver's licences.

AS OTA [previously reported](#), Class D licence holders will also be required to complete a medical report:

- Once every five years for drivers under the age of 46
- Once every three years for drivers between the ages of 46 and 64, and
- Every year for drivers age 65 and older.

Class D licence holders who drive commercially in the US are still required to provide proof of medical certification.

For more information, click here for [OTA's previous report](#) or visit this MTO page: ontario.ca/classDmedicalreport.

DriveTest Traffic Awareness at Our New Extended Hours Locations

7AM to 8:30AM and 5PM to 7PM Expect the shortest wait times of the day
